## WORK EXPERIENCE

**MERN Stack Developer Intern — Softgrid Info Pvt. Ltd.**

March 2026 – Present

- Developing AcadPrime, a multi-tenant College ERP SaaS platform (MERN) with three role-based portals — SuperAdmin, College Admin & Student — covering Academic Management, Examination & Online Exams, Fees & Finance, Library, Hostel, Transport, HR & Payroll, Placement, and Training modules.
- Built the SuperAdmin console for multi-college subscription management, analytics, demo/contact request handling, and system-wide activity & API logs.
- Collaborating on REST API design, code reviews, and debugging with the engineering team.

**Backend Lead (Independent Project) — Multi-Vendor Bus Booking System**

2026 – Present

- Own full backend from SRS: database schema, REST APIs, JWT/RBAC authentication, and booking/scheduling logic for Admin, Customer & Vendor panels.

**Python/DSA & Machine Learning Intern — YBI Foundation, Tuljapur**

2023 – 2024

- Built Python projects in DSA (sorting, searching, dynamic programming) and trained ML models for business analytics use cases.

## KEY PROJECTS

- Flashly Digital (Live) — MERN vendor-panel platform, fully built and deployed to production.
- AcadPrime College ERP — Multi-tenant SaaS ERP with SuperAdmin, College Admin & Student portals; Academic Management, Exams, Fees, Library, Hostel, Transport, HR/Payroll, Placement & Training modules (MERN).
- JeevanSathiHub — Matrimony platform with Admin/User panels, authentication & RBAC (MERN).
- AI-Powered Interview Platform — ML/NLP-driven mock interview feedback tool; published in IJIRT 2025.
- Saffron OTT Platform — Streaming app with Clerk Auth; deployed on Vercel + Render (React, TypeScript, Node, MongoDB Atlas).
- Solu E-Commerce — Firebase Auth + MySQL based storefront (React, Node.js).
- School Management System — Angular 19 + Spring Boot + MySQL, role-based access.
- Student Manager & To-Do App — Full-stack CRUD systems (PostgreSQL / MongoDB).
